

The Sphinx Club

Information Regarding Catering Bars

According to statistics provided by the Federal Bureau of Alcohol, the average consumption of a typical guest at a reception with food is 3.5 drinks for the first hour, up to 2.5 drinks during the 2nd hour, and approximately 1.5 each succeeding hour. The Sphinx Club recommends one bartender for 50-60 people. However if you decide to reduce the ratio, the consumption rate will probably increase due to the accessibility of the bars. Additional bartenders may be requested at \$ 25 per hour per bartender (3 hour min.).

Don't underestimate your crowd! Consider the above information prior to finalizing your plans.
